

Trendsetting Program for Entrepreneurs and Executives to Get Unstuck and Find X-factor

Gina Maier Vincent launches "Purpose, Possibilities, and Prosecco," a private 2-hour transformative experience.

LOS ANGELES, CALIFORNIA, UNITED STATES, September 14, 2023

/EINPresswire.com/ -- [Gina Maier Vincent](#) created [Purpose, Possibilities, and Prosecco](#) to bring a value-rich, results-driven, and lasting transformative experience exceeding the demands of fast-paced, eager-for-change high-achieving entrepreneurs, business executives and leaders. Attendees get unstuck and find their X-factor through individually curated, private 2-hour sessions (in person or virtually), where they have the spotlight shining on their life's purpose and possibilities. The clarity they receive moves them to instantly take bold and courageous action, causing a profound shift in business and life.

Gina Maier Vincent, Creatrix of Exquisitely Aligned, has been stretching her clients' personal boundaries for 20 years.

"I'm passionate about Purpose, Possibilities, and Prosecco, a proven experience that shifts people in their business and life, bringing clarity to where their energy drains are, where they should focus, and how to start that same day. You see, I'm a New Yorker by birth. I move fast. And I don't sugarcoat things. I guide people through a transformative journey. And that journey can be short, sweet, and should be celebrated with something bubbly," says Gina Maier Vincent of [Exquisitely Aligned](#).

This revolutionary, one-of-a-kind program is needed in the world today. People are investing in self-improvement more than ever, with the promise of a profound change in their lives - and become confused and frustrated when relief does not come. The problem often lies in coaches

encouraging clients to look outside themselves for answers instead of within.

"Transformation is an inside journey – a unique and personal one, deep to the soul of one's heartfelt desires," says Gina Maier Vincent. "Today, people want more out of life, which has led to an increased demand for life coaches. To fill the void, most coaches give up one-on-one work in order to cash in with groups. Sadly, this one-size-fits-all approach fails 8 out of 10 people. The cashing of the coaching industry costs the client more time, money, and energy with minimal results."

Purpose, Possibilities and Prosecco... a trend-setting private 2-hour transformative experience that is exceeding the demands of fast-paced, eager-for-change, high-achieving business leaders.

Unlike traditional coaching programs, this holistic and avant-garde approach combines:

1) Time-tested ancient and modern face-reading techniques

2) New-age transformation methods that work

3) A never-done-before 2-hour timeframe to get instant results

4) The spotlight on the individual's X-factor

“

My life has been full of twists and turns. The New Yorker in me cannot sit back and let someone remain stagnant or waste time. I help people go deep into the soul so they can live Exquisitely Aligned.”

Gina Maier Vincent

“The face reading is the perfect ‘rocket launch’ for your long-lasting transformation. Your face is key - it is the diary of your life. I help you discover the hidden truths of your past, present, and future through the unique features of your face,” says Sabine Kaiser, Face Reading and Behavioral Expert.

Created by two experts in their respective fields, the program is led by Gina Maier Vincent and Sabine Kaiser, who are visionaries and passionate promoters of forward movement.

What one can expect from Purpose, Possibilities, and Prosecco:
