OnlineCheckWriter.com, the leading B2B financial management software, has recently announced its [integration with FreeAgent](#), a popular cloud-based accounting software. This partnership will revolutionize financial management for businesses, freelancers, and accountants by making importing bills and invoices from FreeAgent easier, thus improving invoice management efficiency.

OnlineCheckWriter.com and FreeAgent integration simplify financial management, reducing the hassle of

handling receipts and payments. It saves time, improves accuracy, boosts productivity, and helps users make informed financial decisions.

The all-in-one platform is known for its user-friendly accounting features and transparent flat-rate pricing, making it the top choice for freelancers and small businesses.

OnlineCheckWriter.com's integration network goes beyond FreeAgent and includes popular accounting software like Sage, Xero, QuickBooks, Zoho, Gusto, Zapier, Bill.com, and more. This broad approach streamlines business payments and provides users with various payment choices, such as ACH or direct deposit, printed checks, emailed checks, mailing checks, wire transfers, RTP, payment links, international payments, wallet-to-wallet transfers, QR code payments, and more. Users can select their preferred payment methods, ensuring cost-effective and efficient transactions.

[Zil Money Corporation](#), the parent company of OnlineCheckWriter.com, ZilBank.com, and

ZilMoney.com, is dedicated to providing advanced payment solutions that meet evolving business needs. A strong cash flow is essential for any successful company, and OnlineCheckWriter.com recognizes this. The platform offers features like Payroll by Credit Card, Pay by Credit Card, Positive Pay, and more to help businesses maintain healthy cash flows.

OnlineCheckWriter.com, with 750,000 users and \$50 billion in transactions, is a global financial technology leader. Its outstanding payment services have transformed financial transactions, gaining trust in various industries. In a short time, the cloud-based platform has become the preferred solution for all financial management requirements globally.
