

World's First End-to-End Agri-Trading Ecosystem: SfeerSM

Seamlessly buy and sell commodities in real-time, connecting with farmers, traders, processors, freight providers, and more

LEWES, DELAWARE, UNITED STATES,
September 15, 2023 /
EINPresswire.com/ -- [SfeerSM](#) Launches
as the World's First End-to-End,
Vertically Integrated Ag Products &
Services Trading Ecosystem

SfeerSM is thrilled to announce its official launch, marking a major breakthrough in global agricultural trade. The SfeerSM Platform is a dedicated AgTech global trading ecosystem. This Software as a Service (SaaS) platform is a cloud-based B2B e-marketplace with a high-tech automated operating engine designed to empower Ag merchandisers and service providers, facilitating the buying and selling of agricultural products, contract management, and the fulfillment of last-mile trade-related services.

“

SfeerSM stands as the world's first vertically integrated Agri-Products and Services trading ecosystem, offering open access to Ag Markets like never before.”

Dudley Stephens, CEO

SfeerSM brings a fresh perspective with its experienced Executive Team, experts in global Agri-trade, trade management, and execution. This strategic move

emphasizes SfeerSM's commitment to supporting small and mid-sized enterprises (SMEs) in agribusiness, connecting merchandisers to a wide range of service providers. These providers range from freight forwarders and vessel carriers to cargo surveyors, testing facilities, shipping agents and fumigation companies, and various participants along the value chain, including trade finance institutions and insurance providers. All of these elements are now integrated into a unified global ecosystem.

Speaking about this milestone, the SfeerSM Board stated, "Our vision for SfeerSM is to create a digital platform that addresses the diverse needs of SMEs, simplifying and digitizing global Agri-trading. SfeerSM is a unique player in this field, offering comprehensive services on a global scale.

The SfeerSM Platform is designed to provide end-to-end solutions, digitally integrating all participants within a secure trading environment. It offers transparency, execution traceability, and open market opportunities, all while safeguarding the confidentiality of data."

About SfeerSM

SfeerSM is a global e-solutions provider that enables open access to Agri-markets, facilitating the secure real-time flow of trade and all related services. Powered by state-of-the-art supply chain technology and proprietary algorithms, SfeerSM leads the way in digitally connecting stakeholders across the agricultural industry. Our integrated B2B AgTech, TradeTech, and FinTech cloud-based SaaS platform revolutionizes the way physical agricultural products and trade services are bought and sold.
