

Factory Sachi Celebrates "World Languages for Kids" as Book Authority's 2023 Best New Language eBook Winner!

The Award-Winning Children's Book Opens Doors for Young Minds to Explore a Multicultural World Through Language Learning

TORONTO, ONTARIO, CANADA,
September 18, 2023 /

EINPresswire.com/ -- [Factory Sachi](#), a leading children's book publisher, proudly announces its latest triumph: "[World Languages for Kids](#)" has garnered the winner's title in Book Authority's 2023 Best New Language eBooks category.

Specifically designed for children aged 3 to 8, the book serves as a colorful gateway to 15 diverse languages from around the world. Employing an interactive and engaging teaching method, it turns language learning into a joyful and accessible experience.

The book is the inspired work of author and illustrator Sachiko Otohata. A seasoned traveller, Sachiko took inspiration from her son's fascination with a library book featuring animal sounds in multiple languages. Recognizing a void in children's literature that champions linguistic diversity, she set out to fill it with her vibrant, hand-painted watercolor illustrations and simple, relatable words from various cultures.

In honor of this significant milestone, Factory Sachi is hosting a 5 day-long free eBook promotion on Amazon Kindle from September 22nd to September 26th, Pacific Time.

Factory Sachi remains steadfast in its commitment to publishing premium children's books that

nurture empathy, global understanding, and cultural awareness. By exposing young minds to the rich tapestry of global languages and cultures, the publisher aims to cultivate a future generation of compassionate, globally-minded citizens.

"World Languages for Kids" is available for purchase at major book retailers and on Amazon. For more details, please visit Factory Sachi's website.
