Imagine a haunted jack-in-the-box filled with skeletal remains and pounding beats - combining the raw energy of electronic rock, hip-hop and industrial dance metal with the lyrical prowess of a serial killer on overdrive.

"Grinding, sonically and lyrically, and even vocally. This is a sort of sound answer to the dark web. Shall we call it "urban industrial"?"

- Rolling Stone Argentina

Just in time for Halloween... emerging artist, ANIMOSITI, is set to challenge the retro music trend with a modern-day twist on the stagnant 90's sound of current underground edm, hip-hop, metal, and electronicore acts. ANIMOSITI is the genre-defying artist you shouldn't miss.

ANIMOSITI was formed during lockdown. With the world in turmoil, ANIMOSITI found solace in a sonic journey that is reflective of distress, pain, wonderment, death and cinematic art.

After releasing a few epigrammatic and anomalous rock-influenced dance singles, ANIMOSITI unleashed a series of bizarre interweb videos for various other tracks tangentially.

Never labeling himself a "musician", he prefers the term "Unfortunate Artistic Entertainer".

On September 22, 2023, ANIMOSITI globally releases the Halloween Mix single for the urban-industrial bad guy anthem "Lead Villain" from the EP - VILLAIN, along with it's ground-breaking horror-themed music video:

"It's an industrious track with a pertinacious sound and style and a sui generis quality."

- Chris Redjam (AW Radio)

That Friday will also see the official global release of ANIMOSITI's missing first full-length album, Sound of the Beast: Evolutions Book 1.

On Halloween night, 2023, ANIMOSITI will release Villain - Special Edition EP: Evolutions Book 2- which will include remixes of "Lead Villain", "When I Get You...", "EVERYTHING ANYthing Something nothing", as well as a Wu-Tang Clan cover.

In 2024, ANIMOSITI will unleash a film inspired by the track, "When I Get You..."

ANIMOSITI's sonic landscape blends elements of electronic rock, industrial, hip-hop, underground sample culture and more to create a unique post-genre sound that is both electrifying and enigmatic.

With concept-driven, thought-provoking lyrics combined with disturbing visuals and an overdrive vocal that's hard to forget, ANIMOSITI is the monster in your closet that's here to stay.
