DALLAS, TEXAS, USA, September 19, 2023 /EINPresswire.com/ -- Autoflow's

[scheduling and calendar features](#) equip shops with the ability to more efficiently [manage their workflow](#) and oversee their operations. Shops can add a modern scheduler to their website, promoting website visits into confirmed appointments, as well as offer a kiosk for walk-in customers.

“

Autoflow has always been about enhancing client relationships with simple and effective communication. Our scheduler enables shops to offer an automated but welcoming first contact process.”

Craig O'Neill, Autoflow's vice president of training

Autoflow's robust, two-way integration is compatible with the leading shop management software. The scheduler gives website visitors the tools needed to avoid missed phone calls and voicemails and sends automated text and email reminders, reducing no-show appointments. Additionally, the calendar feature enables service advisors to view appointments, events, and current active jobs.

“Autoflow has always been about the process and enhancing client relationships with simple and effective communication,” explains Craig O'Neill, Autoflow's vice president of training. “Our scheduler keeps this in balance

by enabling shops to offer an automated but welcoming first contact process. The result? We've implemented intelligent automation that sets the stage for real, genuine, human-to-human communication.”

Autoflow is a cloud-based, comprehensive, timesaving tool delivering digital, paperless solutions for workflow management, communication, service and follow-up reminders, [digital vehicle inspections](#), work orders, quality control, and rewarding customer loyalty.
