“

My creative inspiration for design arises from raw emotions, and a blend of high-end fashion style, my art, and street influences, resulting in unique, fresh, contemporary vibe designs.”

Bridget Bradley

Bridget's passion for art, demonstrated by her vibrant [abstract paintings](#), flows over into her designs where fashion and art seamlessly converge with Bridget's print designs. Created using superior construction, finishing and high-quality 100% cotton, Bridget has worked toward aligning the t-shirts with her own expectations and commitment to exceptional quality, comfort and style.

Bridget sees each t-shirt as a canvas awaiting her artistic expression. The tees feature Bridget's distinctive designs

and her signature logo on pristine white fabric. The fusion of art and streetwear is real in every stitch and Bridget wants these tees to be the ultimate statement piece for fashion-forward individuals.

The collection caters to all with a wide range of sizes based on men, women, and the ever-popular unisex option. Bridget's hopes that her t-shirts will offer versatile options for individuals looking to make a bold streetstyle statement or infuse a touch of artistry into an everyday wardrobe.

Bridget's love of animals and nature drives her commitment to caring about the planet through sustainability with responsibly sourced cottons, eco-friendly ink, and printing processes. Bridget will also offer more organic cotton options in the future, ensuring that every piece leaves a minimal environmental footprint.
