

New Trust Accounting Software Boosts Efficiency for FL Law Firms

The Florida Bar introduces Nota trust accounting software, offering revolutionary legal tech for members, and it's free.

FORT LAUDERDALE, FLORIDA, USA, September 19, 2023 / EINPresswire.com/ -- Florida's legal technology landscape witnessed a significant leap forward with the introduction of Nota at a prestigious event hosted by [The Florida Bar](#) in Fort Lauderdale on Wednesday, September 13th. Legal professionals from across the state gathered to gain insights into Nota's revolutionary solution for simplifying trust accounting.

Paul Garibian, Co-Founder & CEO of Nota, and Scott Westheimer, President of The Florida Bar, are presenting the Nota trust accounting software at the event.

Throughout its history, trust accounting has presented challenges for solo practitioners and small law firms, requiring unwavering adherence to ever-evolving regulatory standards. Nota has emerged as a tailored and innovative solution, with a particular focus on small firms.

“

You went to law school to practice law, not to become an accountant.”

Jim Pickell

[Nota trust accounting software](#) offers several standout features, including the ability to create digital client sub-accounts, streamline fund management, and include custom transaction notes to enhance transparency, among

others. Additionally, Nota provides a 7-year digital paper trail, ensuring comprehensive and easily accessible financial records.

Microtech Computer Services was privileged to attend the Nota trust accounting software launch event for FL Bar Members. The event featured presentations from influential figures, including Scott Westheimer, President of The Florida Bar, and Paul Garibian, Co-Founder & CEO of Nota. These presentations underscored the monumental impact of the platform on reshaping trust

accounting for legal professionals. Jim Pickell, Head of Corporate Development at Nota, delivered a potent message to the attending lawyers: "You went to law school to practice law, not to become an accountant."

The evening's highlight revealed that Nota would be available to members of The Florida Bar at no cost, marking a historic milestone in terms of accessibility and affordability. Nota Software is set to revolutionize trust accounting for Florida lawyers, and members of The Florida Bar are strongly encouraged to explore this exclusive benefit.

"We were delighted to attend the Nota launch event in Ft. Lauderdale and witness firsthand the enthusiasm and excitement surrounding this groundbreaking solution. We understand the critical role that technology plays in trust accounting and compliance," emphasized Managing Director of Microtech, Brian Butterfield. "As a leader in providing [IT services for law firms](#), we are committed to supporting the legal industry in their integration of Nota trust accounting software," said Todd Cummings, Managing Director of Microtech.
