- Provided Covid-19 Vaccination Surge staffing services to the State of Vermont. The engagement included Contact Tracer, Call Center representative, data entry operator etc.

DatamanUSA LLC, is a leader in providing comprehensive IT professional services.

State of Vermont is a preferred client of DatamanUSA

Vermont Department of Labor
· COBOL programming services and helping in the upgrade of the ICON system for the Department of Labor Information Technology Team.

As Nidhi Saxena, CEO of Dataman rightly puts out “With Dataman winning the Retainer IT Staffing Contract yet again, it will help us to strengthen our relationship with the State of Vermont and its local agencies. Working with the State of Vermont has helped us in gaining the experience and knowledge of the policies and process involved in servicing any contract. Additionally, Dataman has built a huge database of local IT resources who are ready to start as and when needed by the clients in State. With over 15 offices nationwide, Dataman is in a better position to fulfill the current as well as the future requirements of the State. Do contact us if you would like to see more case studies or how Dataman may help bring your cost of system ownership”
