

Highlights from Construction Links Network - September 21, 2023

Peer-to-peer content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA,
September 21, 2023 /
EINPresswire.com/ -- Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content including news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, videos and more.

Top news has the federal government announcing the elimination of the GST on purpose-built rentals which is expected to add tens of thousands of units to the housing market over time. This measure is certainly needed as Statistics Canada reported that investment in building construction experienced a 2.6% decline in July while Canada Mortgage and Housing Corporation reported that there was little change in the trend of housing construction in August.
