**SOLUTIONS**

Empowering the 74 million members of the Gig Economy with access to true group benefits, workers compensation, and resources previously reserved only for W2 employees.

**WORK COMP NOW**

## The Gig Economy Revolution

Ryan Leggett, CEO of Gig Worker Solutions, echoed the sentiment, stating, "This alliance represents a monumental stride forward in reshaping how the insurance industry supports and interacts with the burgeoning gig economy. Together, we are bringing tangible, comprehensive solutions to the brokers of Work Comp Now."

### A Transformative Impact

Beyond the direct benefits to gig workers, this partnership stands to redefine how businesses engage with the gig economy. Companies that depend on gig workers can now be confident that their contractors have access to premier benefits, enhancing retention, loyalty, and overall job satisfaction.

Furthermore, our platform offers critical protections against looming regulatory shifts. With potential reclassifications by the Department of Labor turning 1099 workers into W2 employees as early as next month, both companies and gig workers face significant risks. Our combined platform proactively addresses this concern, eliminating the associated risks at no cost to companies. This not only provides peace of mind but also ensures access to previously unattainable benefits and resources for gig workers.
