Cortavo*

Prior to engaging Cortavo's services, iugis faced a number of IT management issues that impacted their daily operations. From slow network speeds and system downtime to outdated software and insufficient data backup protocols, iugis needed an experienced MSP to help them manage their IT infrastructure and improve their overall business efficiency.

Dave Davenport, Sr. VP of iugis, shared his experience with Cortavo's onboarding process and its impact on his organization: "We were facing significant IT challenges and needed a reliable partner to help us manage our systems.

Cortavo's seamless onboarding process has made my life much easier. I've been able to take a hands-off approach to IT management and focus on other critical aspects of our business. I am very pleased with the results so far."

Tiffany Bloomsby, President of Cortavo, expressed her satisfaction with the outcome of the partnership with iugis: "We are thrilled to provide iugis with a comprehensive solution to their IT management challenges. Our team worked tirelessly to ensure that the onboarding process was seamless and efficient. We are delighted to hear that Dave and his team have been able to focus

on their core business activities thanks to our services."

Cortavo's suite of IT management services includes network monitoring and security, software updates and patches, data backup and disaster recovery, and help desk support. With a focus on customer satisfaction and personalized service, Cortavo is dedicated to providing businesses with the tools they need to thrive in a constantly evolving technological landscape.
