Definition:

Corporate Owned Life Insurance (COLI), also known as "corporate-owned life insurance," is a type of life insurance policy that a company purchases on the lives of its employees, typically key executives and high-ranking employees. The company pays the premiums and is the beneficiary of the policy, meaning that it will receive the death benefit when the insured individual passes away.

Market Trends: As of my last knowledge update in September 2021, I can provide some general insights into corporate-owned life insurance (COLI) market trends. However, please note that market trends can change rapidly, and it's essential to consult more up-to-date sources for the latest information.

Market Drivers: Corporate Owned Life Insurance (COLI), also known as company-owned life insurance, is a type of life insurance policy that a corporation purchases on the lives of its employees, often high-ranking executives. The primary purpose of COLI is to provide financial protection and tax benefits to the company in the event of an employee's death.

Market Opportunities: Corporate Owned Life Insurance (COLI), also known as company-owned life insurance or key person insurance, is a type of life insurance policy that a corporation or business purchases on the lives of its employees, particularly key executives or high-value employees. The company pays the premiums and is typically the beneficiary of the policy.
