

Kolormatrix Adds An Extensive Range Of Screen Print Chemicals To Its Offerings

ATLANTA, GEORGIA, UNITED STATES,
September 22, 2023 /

EINPresswire.com/ -- Designed to meet the multifaceted needs of screen printing professionals and hobbyists, these offerings stand as a testament to Kolormatrix's dedication to quality, innovation, and exceptional customer service.

Kolormatrix, a dynamic leader in the screen printing industry, announces its extensive array of [screen print chemicals](#). Designed to cater to a myriad of screen printing needs, these innovative products emphasize quality and affordability, a testament to Kolormatrix's commitment to delivering exceptional value and unrivaled customer service to the screen printing community.

Kolormatrix features a diversified range of chemical products, including but not limited to Concentrated 1:30 Emulsion Remover, ECO ON PRESS SCREEN WASH, and Premium "Peppermint Scent" Ink Degradar. Each product is available in various sizes, from pints to 5 gallons, to accommodate different customer needs.

A representative from Kolormatrix expressed, "We are delighted to bring forth our collection of meticulously selected screen print chemicals. Our mission is to cultivate relationships and construct a community grounded in a shared passion and mastery in screen printing, all while allowing screen printers to achieve extraordinary prints without breaking the bank."

The company stands out with its \$9.95 flat-rate shipping on all orders and its dedication to maintaining a comprehensive inventory, preventing any back order inconvenience to the customers. This steadfast dedication to value and service is reflected in thousands of 5-star reviews across various platforms like eBay, Facebook, and Yelp, highlighting the trust and appreciation of the screen printing community.

Besides the diverse product portfolio, Kolormatrix offers various value-added services such as

24-hour color matching, screen re-stretching, photo screens, film positive output service, service and repair, and technical training. These services are housed in a 15,000 sqft warehouse with a 5,000 sqft equipment showroom, which also features a wide array of new, used, and refurbished equipment. Additionally, the company buys and accepts trade-ins of used equipment for Kolor Kash.

[About Kolormatrix](#) -
