Unparalleled Design Excellence

The S11 Sauna showcases an extraordinary fusion of minimalist design and meticulous craftsmanship. Drawing inspiration from the iconic Porsche design philosophy, the

sauna features clean lines, refined edges, and an understated elegance that sets it apart from

traditional sauna designs. Under the careful guidance of Studio F.A. Porsche, every detail of the S11 Sauna has been purposefully curated to breathe life into the concept of harmonious luxury.

#### Multi-sensory Sauna Experience

The S11 takes the user on a sensory journey of heat, light, color and sound designed to relax both the body and the mind. Users can choose from pre-set chromotherapy (color therapy) and audio programs, "Pulse of Nature," "Magic Blue Sea," "Night and Light," "Relaxing Amber" and "Colorful Senses," or create their own customized journeys.

Adam Bieta, Senior Designer at Studio F. A. Porsche, says of the S11: "Light and sound sequences are combined with the free-floating wooden slats in a unique way to let the user relax in a dissolving sense of space."

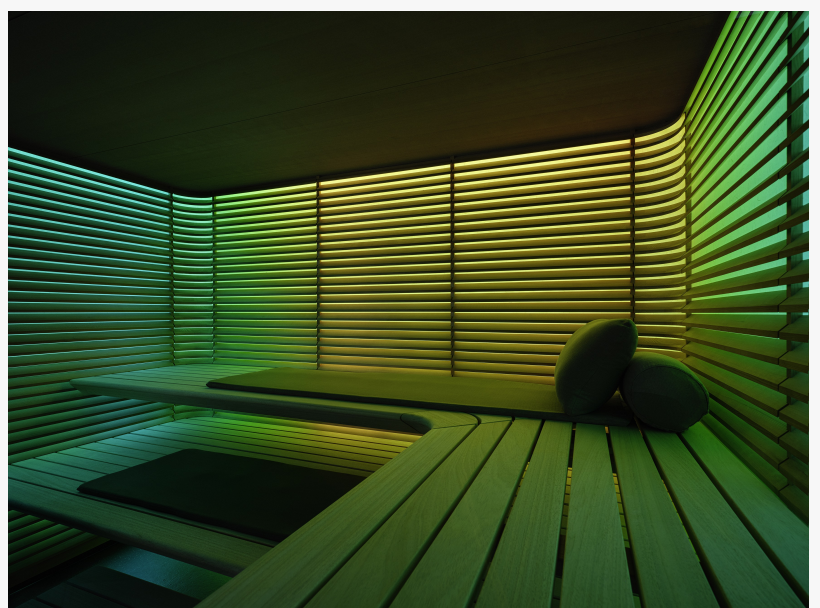

#### Unrivaled Comfort and Technological Advancement

Beyond its clean, iconic styling, the S11 Sauna offers an array of groundbreaking features that exemplify KLAFS' commitment to innovation and user-centric design, including cutting-edge temperature management technology, intuitive controls, and customized seating options.
