

LenderDock announces partnership with Westwood Insurance Agency

SALT LAKE CITY, UTAH, USA, September 25, 2023 /EINPresswire.com/ -- [LenderDock](#) Inc., the leading provider of online Property and Casualty Insurance policy verification and automated lienholder process management services, is pleased to announce a new relationship with Westwood Insurance Agency LLC, an indirect subsidiary of BRP Group, Inc. (NASDAQ: BRP).

"Westwood is a smart and strategic company that has made a point to continually improve operational efficiencies and internal workflows in order to better serve their customers and to support growth opportunities. We are thrilled about the collaboration and synergies between both organizations," said Frank Eubank, LenderDock's CEO.

Westwood Insurance Agency will take full advantage of LenderDock's [Verifi](#)[™], [Correxions](#)[™], and LenderDocs[™] solutions.

The first tool, Verifi[™], is a real-time insurance policy verification system. Verifi[™] eliminates the need for phone calls for policy verification, resulting in a quicker and more effective process.

With the second tool, Correxions[™], lenders can send adjustments to the carrier directly, automating the process of changing policy information. This enables carriers or providers to process the updates quickly and effectively in accordance with their own protocols.

Finally, LenderDocs™ offers financial third parties electronic and real-time access to critical policy-related papers including EOs, Certificates, and others. This facilitates the acquisition and dissemination of these documents, making it simpler for business partners to handle their policy data.
