

APETDOLA is Setting a New Benchmark in the Pet Care Industry

APETDOLA, dedicated to developing life-changing pet products, is making waves in the pet care industry with innovatively designed wireless cat water fountain.

HONG KONG, CN, September 28, 2023 /EINPresswire.com/ -- APETDOLA is pleased to reveal that its recently launched [Wireless Cat Water Fountain](#) has made a stunning debut on Amazon. As a result of this product's extraordinary features and superior performance, it has already received the prestigious Amazon's Choice badge.

Wireless design, Set It Anywhere, No wires to trip or be chewed.

This stainless steel pet water fountain comes with a wireless design, allowing pet parents to place it in the kitchen, balcony, bedroom, or anywhere else. With no plugs or wires, it is extremely safe for pets as well as pet handlers. The fountain works on a 4000mAh battery that lasts up to 60-90 days. Therefore, pets using this fountain will never run out of water, even while travelling or during a power outage.

“

We are committed to understanding what our pet parents and our pet friends really need, offering wire-free, user-friendly design and intelligent sensing technology as water reminder assistant for pets”
Apetdola CEO

Another useful feature of this pet fountain is its smart sensor modes that fit various demands. As soon as the sensor senses the pet within 4-6 ft/120°, it releases a flow for 15 seconds. The product is easy to use, and just one button allows users to switch between the sensor mode,

timing mode, continuous mode. It has a capacity of 4 liters, which provides 15 days' stock for a dog or two cats. There is a clear water level window in front that shows when the water level is getting low.

Water quality is never a concern with this pet fountain because it is equipped with a 6-layer

vertical filtration system made of filter sponge, KDF, ion exchange resin, quartz sand, coconut activated charcoal and cotton. This allows pets to consume oxygen-enriched and better-tasting water without any hair, dirt, or sediment. Pet owners also prefer using this product because it is made of 304 food-grade stainless steel, dishwasher safe, and very easy to clean.

APETDOLA operates with a vision to help pets live their best life by designing safe, functional, and eco-friendly products, leveraging the latest technology. The company conducts detailed research on natural behavior and habits of pets before manufacturing their products.

Many Amazon shoppers have already used [APETDOLA Cordless Cat Water Fountain](#) with great results, and have recommended it strongly in their Amazon reviews.

6 Layers of vertical filtration system remove sediment, dirt, and other particles that can be harmful to your cat's health, including hair, debris, dust, etc., ensuring your cat gets cleaner, more oxygen-enriched, better-tasting water.

The APETDOLA wireless water fountain eliminates the need for cumbersome cords and allows you to place it anywhere in your home or outdoor space.
