*Eos Global Expansion launches a campaign under its bespoke employer of record (EOR) solution, supporting companies expanding into Singapore at a \$280/month.*

SINGAPORE, September 26, 2023 /EINPresswire.com/ -- Eos Global Expansion, a global leader in employment, immigration, and payroll solutions, is excited to announce its campaign aimed at supporting companies seeking to expand into Singapore. Under Eos's bespoke

[Employer Of Record \(EOR\)](#) solution), clients' chosen staff are hired under Eos' own local entity, so that companies can onboard staff in Singapore in days without setting up their own Singapore subsidiary - all for as little as \$280 per month. By acting as a visa sponsor for expat talent, Eos

enables companies to overcome limitations faced by many start-ups, or companies lacking the local staff levels required to qualify as visa sponsors. This strategy provides businesses with a seamless and cost-effective solution to overcome the challenges of international expansion.

As part of this campaign, Eos is offering free consultation to understand each company's unique expansion vision and explore how EOR can be the key to their success. During these consultations, businesses will gain valuable insights into the comparative benefits of employing

through an EOR vs. establishing a local subsidiary, allowing them to make informed decisions and gain a competitive edge in the market.

One of the key challenges when expanding into a new country is navigating the complex

immigration process. Eos Global Expansion recognizes this, and to address it, the company offers Employment Pass (EP) sponsorship for foreign talent. With the guidance of immigration professionals, Eos ensures a smooth and hassle-free visa application process. Through this service, Eos is uniquely positioned to secure EPs for large teams of foreign workers, enabling companies to tap into a global talent pool without facing excessive administrative burdens.

To further incentivize companies to take advantage of this opportunity, Eos Global Expansion is offering discounted service fees for a limited time. This campaign, valid until the 31st of December 2023, provides businesses with an additional cost-saving opportunity when expanding their operations into Singapore.
