The museum-style exhibition showcases one of the world's greatest artistic achievements featuring Michelangelo's 34 renowned frescoes from the Vatican's Sistine Chapel, reproduced in a format that allows viewers to get face-to-face with the masterpieces.

Commissioned by Pope Julius II in 1508, Michelangelo's historic art decorates the 60-foot high ceiling and 40 feet of the West wall of the Sistine Chapel in the Vatican. Renowned for the beautiful depictions of the creation and scenes from the Old Testament, it took seven years for Michelangelo to complete these masterpieces. The frescoes are reproduced in a unique way using licensed high-definition photos and are brought to life using a special printing technique and materials that emulate the look and feel of the original frescoes. Reproduced lifesize and placed on or near eye level, this exhibit provides guests unparalleled access. Audiences will be able to get close enough to spot the individual brush strokes from Michelangelo's own hand as a free audio guide app provides background on each work.
