solutions provide end-to-end [digital solutions for transit and commute organizations](#).

“

Joining forces with ODOT aligns with our vision of promoting a secure, more streamlined, and eco-friendly digital transportation solution in Ohio. We are very excited about this opportunity.”

*Vinod Pabba*

In the past, Exemplifi has collaborated with prominent state and federal transit agencies, including Amtrak San Joaquins, Los Angeles Metro, and ACERail. They've provided these agencies with innovative transit solutions, enhancing their online visibility and offering commuters seamless experiences.

Vinod Pabba, the founder of Exemplifi, remarked, "Joining forces with ODOT aligns with our vision of promoting safer, more streamlined, and eco-friendly transportation in Ohio. This collaboration paves the way for exciting new opportunities, allowing us to jointly redefine the realms of mobility and connectivity." This alliance is set to leverage Exemplifi's established expertise in digital solutions for the transportation industry, benefiting both entities.

## About Exemplifi

Exemplifi creates and manages [enterprise websites](#) that effectively achieve the client's business

and marketing goals. Our expertise lies in building top-tier digital experience platforms, especially for transit agencies and the transportation industry. We provide notable solutions, solving complex digital problems for transit websites, which lead to an exceptional user experience. Highly skilled in utilizing advanced content management solutions, our teams prioritize strong website engineering standards, DevOps, and WebOps practices. This emphasis leads to enhanced uptime, security, SEO quality, performance, and adherence to accessibility standards.
