

Phoenix Security Welcomes Jim Manico, Cybersecurity leader, OWASP Pillar creator of OWASP Top 10

Jim Manico's deep-rooted expertise in application security, an active member of OWASP and creator of OWASP Top 10 brings a fresh appsec view to Phoenix Security

LONDON, UNITED KINGDOM,
September 28, 2023 /

EINPresswire.com/ -- Manico's deep-rooted expertise in application security, an active member of OWASP and creator of OWASP Top 10. will bolster [Phoenix Security's](#) capabilities in vulnerability management and secure coding practices as the platform continues to evolve.

Phoenix Security Welcomes Jim Manico

“

I'm genuinely excited to be part of Phoenix Security's journey, The platform addresses critical gaps in application security, providing actionable insights and is a game changer!"

Jim Manico

Phoenix Security, a leading platform specializing in cloud and application security posture management, is thrilled to announce the appointment of [Jim Manico](#) to its advisory board. Manico brings a wealth of knowledge in application security, secure coding, and vulnerability management, fortifying Phoenix Security's technical prowess as the company prepares for its next phase of growth.

Jim Manico founded Manicode Security, a firm dedicated to software security education. He is also a well-known author and educator in secure coding practices, contributing to the OWASP community and serving as a

project co-leader for the OWASP Application Security Verification Standard (ASVS). Manico has been a keynote speaker at numerous security conferences and has provided training sessions globally. Jim created the famous OWASP Top 10 and is one of the biggest advocates.

With a career spanning over two decades, Manico has shaped application security standards and

practices. His expertise will be invaluable in helping Phoenix Security refine its offerings, particularly in the areas of vulnerability management and secure coding.

"Adding Jim Manico to our advisory board is like bringing the whole of application security knowledge in one person, Jim has extended business and development perspective two fundamental topics we are aligning at Phoenix Security" said [Francesco Cipollone](#), CEO and founder of Phoenix Security. "Jim's unparalleled expertise in application security aligns perfectly with our mission. We're honoured to have such a distinguished professional join our team."

"I'm genuinely excited to be part of Phoenix Security's journey," said Manico. "The platform addresses critical gaps in application security, providing actionable insights for both technical teams and executives. It's a game-changer, and I'm eager to contribute to its success."

Manico joins an already impressive advisory board that includes cybersecurity luminaries such as Andrew Peterson, Xabi Errotabehere, Chris Hodson, Jonathan Rau.
