

Private Eyes Successfully Completes SOC 2 Audit

RENO, NEVADA, UNITED STATES,
September 29, 2023 /

EINPresswire.com/ -- Private Eyes, a leading provider of background checks and income verifications, today announced its successful completion of its Type 2 SOC 2 audit as of April 16, 2023, to July 15, 2023, as it looks to provide peace of mind to customers and prospects that their information is protected and secure.

The SOC 2 audit was conducted by leading compliance assessor A-LIGN, a technology-enabled security and compliance partner trusted by more than 2,500 global organizations to help mitigate cybersecurity risks.

"I am grateful to the Private Eyes team for the quality they provide and completing the audit with flying colors. I would also like to thank our partners at A-LIGN for the support during process."
Sandra James CEO

Established by the American Institute of Certified Public Accountants (AICPA), the SOC 2 examination is designed for organizations of any size, regardless of industry and scope, to ensure the personal assets of their potential and existing customers are protected. SOC 2 reports are recognized globally and affirm that a company's infrastructure, software, people, data, policies, procedures, and operations have been formally reviewed.

"A SOC 2 audit is a statement about an organization's commitment to protecting their information." said Stephanie Oyler-Rankin, SOC Practice Lead at A-LIGN. "As a trusted third-party assessment firm, A-LIGN independently evaluates client data processes and procedures, governance on internal controls and security posture. Private Eye's SOC 2 report validates its commitment to data security and protection, as well as compliance with critical standards to mitigate cybersecurity threats."
