

Dr. Eric Seiger, D.O. Recognized with the 2023 Healthcare Impact Award

FENTON, MI, USA, October 10, 2023 /EINPresswire.com/ -- The Top Docs Podcast today announced that [Dr. Eric Seiger](#) has been selected to join its annual Healthcare Impact Award List for 2023. The 2023 Healthcare Impact Award celebrates deserving doctors and healthcare providers who put a priority on patient education and make an impact on their local community and on a national level.

This accolade celebrates the exceptional contributions made by doctors and healthcare providers who prioritize patient education and create a positive impact within their local community and on a national level. When a doctor or other healthcare provider makes an impact, not only are they helping their patients, but they are also helping the community become a better place with their selfless commitment to patient education.

Lori Werner, Founder of the Top Docs Podcast says, "We appreciate the selfless commitment that healthcare providers make to their community. We are honored to award great doctors and medical professionals our 2023 Healthcare Impact Award. The Top Docs Podcast is built on the belief that medical professionals are the heartbeat of the world in so many ways. Our award winners have courage and an unyielding passion to educate and contribute in very unique ways."

Werner continues, "Our award winners are selected for their contributions to patient education and focus on improving the health and wellness of people in their local communities and also nationally. These leading experts are often featured on podcasts, webinars and in the media. Many also host in-person patient education events and are featured speakers throughout the United States. It's important for patients to trust that their healthcare provider is an expert and our 2023 award winners have shown themselves to be leaders in their field."

Receiving the Healthcare Impact Award is an immense honor and I am grateful for this recognition. My life's mission has been to help advance the health and well-being of others."

Dr. Eric Seiger
