BROOKLYN, NEW YORK, UNITED STATES, October 5, 2023

/EINPresswire.com/ -- [Beezy Beez](#), a name that has become synonymous with top-tier wellness products, is introducing a game-changer to the world of [CBD gummies](#): their [Cotton Candy CBD Gummies](#), designed as iconic pink ribbons. For those avidly scouring the market for CBD gummies that deliver on taste and make a positive impact, the search ends here.

In the rapidly growing and evolving world of CBD products, CBD gummies have emerged as a popular choice for many. They offer an enjoyable and convenient way to experience the benefits of CBD. Beezy Beez, always ahead of the curve, has ingeniously combined this consumer favorite with a heartfelt cause – breast cancer awareness.

Beezy Beez's journey began with an innovative idea: harness the natural sweetness of honey and enhance its benefits with potent botanicals. This transformative approach turned an everyday superfood into a wellness powerhouse. Today, building on that legacy, Beezy Beez's new CBD gummies promise not only a delightful culinary experience but also a chance to contribute to a cause that touches millions.

Available exclusively this October, each jar of these CBD gummies serves as a sweet ally in the fight against breast cancer. Every purchase ensures that 10% of the proceeds go directly to "The Breasties," an organization renowned for its relentless support to those bravely battling breast

and reproductive cancers.

But why pink ribbons? And why breast cancer awareness? The answers lie in a deeply personal story intertwined with Beezy Beez's core. One of the co-founders, Sam Savransky, witnessed firsthand the toll and triumphs of a breast cancer journey. His wife, emblematic of countless warriors out there, confronted the disease head-on. With courage, determination, and an unwavering spirit, she emerged on the other side, now celebrating a significant 5-year milestone of being cancer-free. Every bite of these CBD gummies serves as a tribute to her journey, her victory, and offers hope to others facing similar challenges.

As Boris Savransky, one of the co-founders of Beezy Beez explains, “In a market flooded with CBD gummies, we wanted ours to stand out, not just in quality but in purpose. These aren’t merely gummies; they are symbols of hope, resilience, and our commitment to a cause that’s profoundly personal to the Beezy Beez family. With every jar of our CBD gummies, consumers are not just investing in their wellness but also championing a cause.”

“

Our new CBD gummies are not just another candy. They’re a symbol of hope, and they share an important story. With every CBD gummy you enjoy, you’re helping make a difference, one pink ribbon at a time”
