About sikka.ai

sikka.ai is helping to rethink the important retail healthcare market using an award-winning

single API cloud platform with Artificial Intelligence and Predictive Analytics. Sort of like Stripe in payments and Twilio in communications, Sikka focuses on non-physician practices in dentistry, veterinary, optometry, chiropractic, orthodontics and oral surgery.

sikka.ai now has 35,000 practice installations and 120 million patients on its platform. The Sikka API Platform connects to 96% of the retail healthcare market and all practice management systems and financial systems practices use. There are 50 apps built by suppliers (many of them Fortune 500) on the Sikka platform and 4 apps that Sikka has built on its own. The company's vision is to become a global, real-time, platform that connects and empowers the patients, providers and suppliers.
