“Our goal at BIG Start is to make cutting-edge digital solutions available to small and medium-sized businesses, without the high costs and risks that often accompany these technologies”.

Business Innovation Group has created a package that includes three key offerings, each designed to address critical business requirements and ensure the needed security level:

Legal Start component provides SMBs with the ability to create legal documents using more than 1,000 templates

designed by qualified lawyers. Thanks to their user-friendly platform, you can create valid

contracts in a few clicks.

INBOX Start component offers accurate document processing during which you can upload the needed document and get your information organized in handy for accounting tables.

Digital Start component supplies business owners with a single platform for managing their teamwork. The functionality goes far beyond just a workspace and has also some additional options that include business email creation, getting a unique domain, etc.

"We are thrilled to introduce BIG Start to the European market," said Alexey Chubatyuk, Founder of "Business Innovation Group". "Small and medium-sized businesses are the backbone of our economy, and we believe that providing them with easy access to innovative digital solutions is crucial for their growth and success. BIG Start empowers SMBs to harness the power of technology, enabling them to thrive in the digital economy."
