Social media is very influential on society in both positive and negative ways. Social media connects people and also helps to communicate between consumers and businesses. It gives businesses a way to engage with customers. Before social media marketing, finding a targeted group of consumers was a difficult task for

businesses and this took more effort also it is more costly, making it very difficult for startups to get in front of their target audience. Businesses are promoting their brands and products through social media. Through the advertisements & promotions of brands or products by celebrities, these brands can increase awareness and trust in their product. Consumers feel

more comfortable with a brand if their services are promoted by a celebrity they admire or relate to. An increase in the penetration of social media for advertisement is expected to fuel MICE industry growth in the upcoming years.

Event organizers are now focusing on creating immersive and experiential events. This involves incorporating interactive technologies, unique venues, and engaging activities to make events more memorable and impactful. Event organizers are now collaborating more with other industry players such as suppliers, venues, and sponsors to create successful events with the increasing complexity of events. The increases in investment in meetings, exhibitions, and others is expected to propel MICE Industry demand in the upcoming years.
