

CapTech's Augmented Reality App Receives "Technology Builder Award"

RICHMOND, VIRGINIA, UNITED STATES, October 6, 2023 /EINPresswire.com/ -- CapTech Ventures, Inc. (CapTech), a US-based technology consulting firm, announced today that its SaaS-based customer experience app, VISTAR, has received the Richmond, Virginia, Technology Council ([RVATECH](#)) Technology Builder Award for 2023.

The Technology Builder Award recognizes a technology company with a presence in Richmond delivering technology solutions and services to external clients that build capacity and increase

operational efficiency. CapTech was announced as the winner of the award at the 29th RVATECH Annual Gala Awards, an event celebrating outstanding achievements within the Richmond technology ecosystem.

“

We are dedicated to empowering businesses with the transformative potential of AR, and this recognition motivates us to continue pushing the envelope.”

Andy Sofish, CapTech CEO

CapTech's VISTAR app utilizes augmented reality (AR) technology to facilitate visualizations of virtual assets in real-world spaces, streamlining customer conversions. Since its initial launch in February, VISTAR has gained traction in the energy and utility industry, where it helps top electric utility companies improve customer

engagement and workforce productivity.

"We are honored to receive the Technology Builder Award for VISTAR," said CapTech CEO Andy Sofish. "This award is a testament to the hard work and innovation of our VISTAR team who have consistently pushed the boundaries to deliver remarkable experiences to our clients. We are dedicated to empowering businesses with the transformative potential of AR, and this recognition motivates us to continue pushing the envelope."
