About the Author

James Harris is an experienced engineer, stock market investor, and innovator with over fifteen years of experience in developing products with real value for people and businesses. He founded Smart Uncle, a brand with the goal of publishing books, media, and entertainment to educate, entertain, and inspire its audience. James is passionate about leveraging technology to bring innovative products to the market and create positive social change.

James received his degree in engineering from the Georgia Institute of Technology and his M.S. degree from the University of Iowa. During his time working at major aerospace corporations, he developed a strong passion for technology, data analytics, and automation. He believes that experiences and knowledge should be shared, and strives to do his part in making the world a better place. His endeavors have been successful in inspiring others to think outside the box, explore new possibilities, and contribute towards building a brighter future.

In 2023, he started his publishing company, Smart Uncle. Since then, he has been hard at work creating unique products and services to help people and businesses succeed. He has a vision to create an environment where everyone can have access to the same resources, regardless of their geographical location or socioeconomic status.

Tales of the Profitable Trader by James Harris

In his spare time, James enjoys reading, exploring nature, trading stocks, and spending time with his family.
