SmilesGiving Mission: At SmilesGiving, our mission is simple yet powerful: "Bringing Smiles to faces of the less fortunate." We firmly believe that everyone deserves access to quality dental care, regardless of their economic situation. Our team of highly trained dental professionals will offer a wide range of services, from dental check-ups and cleanings to extractions and other necessary treatments, all free of charge.

The Origins of SmilesGiving: This event was conceived by Dr. Jessica Rivas-Plata and Fedor Palacios, the owners of Prime Dental, even before the clinic's inception. They always knew they wanted to make a difference in the lives of their patients, and what better legacy for their community than to express gratitude by hosting events like SmilesGiving.

Impact on the Community: Oral health is crucial for overall well-being. By offering these services free of charge to the less fortunate, SmilesGiving is making a tangible difference in the lives of those who need it most in the community. This event represents an opportunity to restore smiles and rebuild confidence for those who have lost it due to lack of access to dental care.
