Discover the Revolution 5 Pro which delivers state-of-the-art gaming technology.

The new video offers a glimpse of the latest technologies that make the REVOLUTION 5 PRO A crucial gamepad for gamers who compete at a high level.

Asymmetrical sticks: optimal handling and distinct ergonomics

Over 10h battery life: for long, wireless gaming sessions without the need to recharge

Play in wired mode with a detachable 3m cable, or wireless with optimized latency thanks to RF technology.

Enhanced precision and durability for joysticks and triggers thanks to Hall Effect technology, reducing "joystick drift" (compared with previous Revolution controllers)

Trigger Blocker: adapt to any in-game situation by customizing the trigger amplitude

Customisation app (for PC/Mac, coming soon to mobile): offering more freedom to make your

controller unique and adapted to the way you play

Comprehensive customization: 4 customizable profiles per platform, 3 sets of weights, 3 stick sizes, 3 sets of stick heads, and no fewer than 60 customization options

Ergonomic shortcuts: choose the action assignment using the buttons on the back of the controller

Bluetooth game audio: when connected to your console, instantly switch between console sound and Bluetooth® stereo headphones

Premium materials for improved comfort and handling

On top of all that, the REVOLUTION 5 PRO is compatible with PS5™/PS4™/PC* and comes with a storage case.
