Corporate Video Production Company Chennai Ovm Studios

The Art of Walkthrough [Video Production](#):

Behind every stunning real estate walkthrough video lies a meticulous production process, and

“

For over a decade, Ovm Studios has taken care of companies expressing influential stories with corporate video.”

Ovm Studios

Ovm Studios, a respected name in the field of real estate videography, is dedicated to creating high-quality visuals through meticulous attention to detail. The video production for Casagrand Elan is no exception.

1. Pre-production Planning:

The journey begins with a comprehensive pre-production phase. Here, the team at Ovm Studios collaborates closely with Casagrand Builders to gain insights into the distinctive

attributes of the project, design aesthetics, and target audience. Detailed planning involves:

Location Scouting: Identifying the best angles and perspectives to showcase the property's architecture and surroundings.

Script Development: Crafting a compelling narrative to guide the viewers through the video seamlessly.

Equipment Selection: Choosing the right cameras, drones for aerial photography & video, and accessories to capture every detail flawlessly.

2. Shooting Days:

With the groundwork laid, Ovm Studios moves on to the exciting phase of on-site shooting. The team's proficiency is evident as they utilize various techniques, including:

Aerial Views: Utilizing drones "To capture oblique photography shots of the property, offering a distinctive perspective of the entire premises..

Steady-Cam Shots: Ensuring smooth and stable footage while navigating through the interiors and exteriors.

Natural Lighting: Leveraging the best of natural light to enhance the visual appeal of the property.

3. Post-production Magic:

Post-production is where the real magic happens. Ovm Studios' skilled editors and visual artists work their wizardry to create a seamless and engaging walkthrough video. Key elements of this phase include:

Editing: Carefully selecting the best shots and arranging them to create a compelling visual narrative.

Color Grading: Enhancing colors and ensuring consistency throughout the video.
