[The Dinosaur Train Imprint Coloring Book](#) embraces and celebrates the fascination that preschoolers have with both dinosaurs and trains. Kids can join Buddy and his adoptive Pteranodon family on a whimsical voyage through prehistoric jungles, swamps, volcanoes and oceans, as they unearth basic concepts in life science, natural history and paleontology. Dinosaur Train begins when Buddy is adopted by Mr. and Mrs. Pteranodon and brought to their nest to hatch at the same time as his new siblings, Tiny, Shiny and Don. Buddy and his new family have an insatiable desire to learn all about the different types of dinosaurs. They board the wondrous Dinosaur Train, which allows them to travel and explore the world inhabited by these amazing creatures.

Spark children's interest in science, especially life science, natural science and paleontology. [Develop children's inquiry skills](#) to help children think like scientists, by engaging in the following behaviors. Asking questions, making observations, making predictions, making connections, forming hypotheses. Kids also develop possible explanations, investigating and exploring the natural world, drawing conclusions, and sharing findings with others. Provide core science knowledge to enable children to explore the worlds of life science, natural science and paleontology. Inspire children to visit local science and natural history museums, go on "fossil hunts," and conduct their own explorations and investigations about the natural world.
