

AMCD Condemns Hamas Attack on Israel

WASHINGTON, DC, UNITED STATES, October 9, 2023 /EINPresswire.com/ -- Coming on the anniversary of the start of the Yom Kippur War in 1973, Hamas' surprise attack on Israel has already taken hundreds of lives and caused thousands of civilian casualties. In addition to launching some 5,000 rockets into Israel's civilian areas, Hamas sent numerous fighters from Gaza into Israel using boats and paragliders. These terrorists went street to street and house to house killing and kidnapping Israeli civilians. As of this morning, October 9, reports

Aftermath of a rocket attack in Israel

indicate at least 1,100 dead (including 260 young people murdered while attending a dance party in the desert near the Gaza border), 2,000 wounded and over 100 kidnapped Israelis.

Prime Minister Benjamin Netanyahu has declared war on Hamas. Israel is bombing targets in Gaza and IDF forces have been deployed to clear out the terrorist infiltrators.

The Biden administration released funds to the Palestinians in Hamas-controlled Gaza early in the administration knowing that at least some of those funds would sponsor terror. They just recently released 6 billion dollars of frozen funds to the world's largest terror sponsor - Iran.

Iran is the major financier of both Hezbollah and Hamas and a spokesman for Hamas has publicly thanked the Iranians for their support for this attack.

The mullahs may have green-lighted this attack in retaliation for Israel and Saudi Arabia normalizing relations.

Hezbollah has issued a statement praising Hamas for this attack and are firing mortars into Israel from South Lebanon. Hezbollah and Hamas maintain direct contact with each other.

The [American Mideast Coalition for Democracy](#) fully condemns this Hamas attack and hold Iran's regime responsible for undermining the expected peace deal between Israel and Saudi Arabia.

The Iranian regime is responsible for this war.
