This is the teaser trailer for "Italo Americano: Rico Monaco Live In Italy." This documentary will be released on November 3, 2023. It is about the amazing and emotional show that Rico Monaco & Friends performed in San Bartolomeo In Galdo, Italy on September 7, 2023. The film will also be about the experience Rico had visiting his cousins, friends, and visiting many incredible places in Bella Italia.

What makes this so very special is that SBIG is the hometown of Rico's paternal grandparents, Concetta Agostinelli and Giuseppe Monaco. Giuseppe was an opera singer and as soon as he emigrated to the USA he ended up fighting for the US Military in France during WWI. Concetta

He did perform many operas in NYC once returning from the war but he sadly was confined to a veterans hospital in the city the last 30 years of his life. Being the only professional musician of his grandchildren, Rico feels responsibility to do his best at each and every performance to honor his grandparents great sacrifice in getting the family to the USA.
