

# PharmaCircle Launches API Explorer

*PharmaCircle Showcases "API Explorer" at PharmSci 360 2023 (AAPS) in Orlando, FL on October 22-25 and CPhI Worldwide, in Barcelona, Spain on October 24-26*

NEW YORK, NY, UNITED STATES, October 18, 2023 /EINPresswire.com/ -- [PharmaCircle](https://www.pharmacircle.com) launches API Explorer, a comprehensive, hand curated database that integrates and harmonizes multiple sources of API manufacturing, patent and routes of synthesis data.

With API Explorer, users can examine detailed Molecule/API records that include:

- API Manufacturer Lists,
- Visualizations of Synthesis Routes,
- Polymorphic Forms,

“

API Explorer helps users to better understand the chemistry and manufacture of APIs”

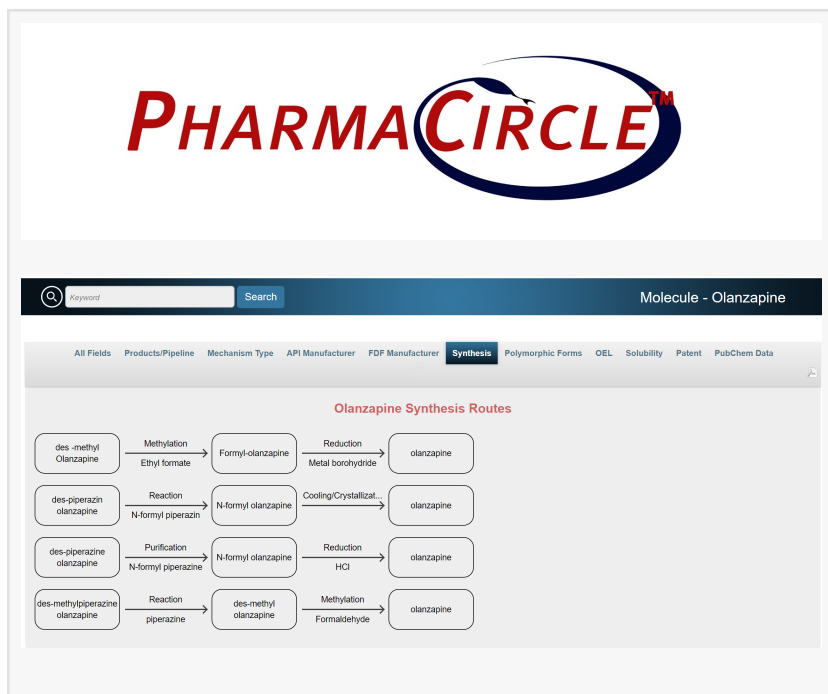

*Ms. Selda Candan, Vice President of Data Analytics at PharmaCircle*

- OEL Classifications,
- Keyword Searchable Patent Abstracts,
- Pharmacokinetic Data,
- Physical Chemical Properties,
- Solubility in Different Solvents, and
- PubChem Data.

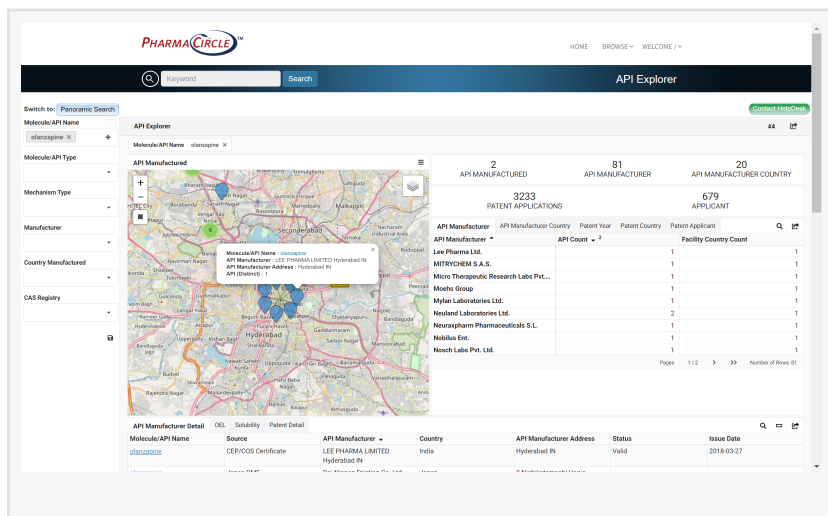

API Explorer can also identify API manufacturers within a specific country or metropolitan area by molecule/API name, molecule/API type, mechanism type, CAS registry

number or manufacturer's name.

“API Explorer helps users to better understand the chemistry and manufacture of APIs by exploring sources of API, available routes of synthesis, intermediates and reagents used, referenced patents, chemical structures, PK information, and much more.” – said Ms. Selda Candan, Vice President of Data Analytics at PharmaCircle.

This new companion module's datasets and visualizations seamlessly integrate with relevant formulation development, drug delivery, patent/SPC exclusivity, sales, unit pricing, and company profile insights available in a PharmaCircle Elite or Premium Subscription to provide a complete view of the innovator, generics company and supplier landscape for any molecule/API.

PharmaCircle will be showcasing “API Explorer” at PharmSci 360 2023 (AAPS), Orlando, FL October 22-25, Booth #3136 and CPhI Worldwide, Barcelona, Spain, October 24-26.
