“

These tones are the closest to hardware than any other soft synth. I think you ‘Cracked the Code’.”

New Payment Plan to Foster Accessibility in Music Technology

Understanding the economic barriers that many face in accessing top-tier music technology, Silen Audio has introduced a “Rent to Own” plan for Infinite Flow. At \$9.99

per month, this approach not only makes the synthesizer accessible but also allows enthusiasts and professionals alike to eventually own the product outright.

Positive Early Reviews from Industry Professionals

Khris Clymer, a respected composer and sound designer, has already had the opportunity to experience Infinite Flow’s capabilities. Clymer notes, “These tones are the closest to hardware than any other soft synth. It seems like Silen Audio has ‘cracked the code’.”

Distinctive Features of Infinite Flow
Infinite Flow distinguishes itself with per-voice detuning, a feature that imparts a unique warmth and character to its sound, reminiscent of legendary classic polyphonic synthesizers. Its meticulously crafted design celebrates the quirks and idiosyncrasies found in vintage synthesizers while offering a tool that meets the demands of modern music production.

About Silen Audio
