

An Open Letter to the Customers of ViewRay From Krishnan Suthanthiran, President/Founder of TeamBest Global Companies

WASHINGTON, DC, USA, October 10, 2023
/EINPresswire.com/ -- To all owners of
ViewRay equipment:

My name is [Krishnan Suthanthiran](#),
President/Founder of [TeamBest Global
Companies](#) (TBG), [Best Cure Foundation](#) –
ISTRO, ISRI, ISRMMI and ISUSI Societies.

While at ASTRO 2023 last week, I was
saddened to hear that ViewRay will cease to
exist soon and that ViewRay customers may
no longer be able to secure maintenance
services or product upgrades to their
Linac/MR Therapy Units.[1]

I founded TBG along with Best Medical
International in 1977 in Virginia with only a
handful of employees as a leading
brachytherapy company. Since then we have
grown to 450 employees, more than 500,000
sq. feet of high-tech medical manufacturing,
and research and development facilities globally. TBG is in the process of establishing additional
facilities in the US, increasing to 1 million sq. ft. over the next two years.

Over the past 20 years, I have purchased a variety of companies and have invested nearly \$200
million in my various global businesses—including Best Theratronics, a pioneer in teletherapy;
Best Nomos, the pioneer of IMRT; and Best Cyclotron Systems, the world's most affordable
cyclotron/synchrotron. I have also invested in Flash Radiation and Proton to Ion Heavy Radiation
through Best Medical International.

TBG companies are uniquely qualified to explore supporting ViewRay Customers, for continuing the service, product upgrades, and new innovations for many years to come.

TBG Companies have accomplished a great deal over the past 70 years—feel free to visit www.teambest.com, www.bestcure.md for my full bio, press releases, product ads, etc.

I would like to discuss the future of your equipment with you, and I look forward to hearing from you. I can be reached on my email at krish@teambest.com.

The TeamBest family of companies, collectively known as Team Best Global, has been proudly developing, manufacturing, and delivering reliable medical equipment and supplies for more than 40 years. TeamBest includes over a dozen companies offering complementary products and services for brachytherapy, health physics, medical physics, radiation therapy, blood irradiation, vascular brachytherapy, imaging, medical particle acceleration, cyclotrons, and proton-to-carbon heavy ion therapy systems. TeamBest is the single source for an expansive line of life-saving medical equipment and supplies. Its trusted team is constantly expanding and innovating to provide the most reliable products and technologies.

Today, TeamBest employs hundreds of talented engineers, scientists and others, offering thousands of products and services. TeamBest's independently-owned companies are proud to be represented in North America, Europe, Latin America, Africa, the Middle East and Asia.

"Everyone deserves the Best healthcare. Our goal is to work with medical professionals to provide the Best products, technologies and services. Our mission is to uphold our reputation for excellence in the healthcare field by developing, manufacturing and delivering cost-effective, high-quality products to benefit patients around the world," states Krishnan Suthanthiran.
