Drs. Alan & Elaine Levy, Sea One Family Chiropractic, Myrtle Beach, SC

The Sea One Family Chiropractic team does a thorough analysis and evaluation that may include x-rays. They want to have a clear idea of where there are subluxations and how a patient needs to be adjusted so that they can experience the results of quality chiropractic care. A second visit is scheduled to give a report of these findings and a discussion of a personalized care plan and financial arrangements.

The Sea Once Family Chiropractic team offers both urgent crisis care to start patients on a journey to healing, as well as preventative wellness plans.
