Unsuccessful at visiting the [FATHOMWERX](#) laboratory in Port Hueneme, CA due to heightened security concerns, Agility Federal redirected efforts towards Healthcare Enterprise Resource Planning (ERP) Information Technology Service Management (ITSM) goals for the Veteran's Administration (VA), Veteran's Health Administration (VHA), Transportation Security Administration (TSA), and Advanced Research Projects Agency for Health (ARPA-H).

networking with Military Health System officials and providers. Additionally, Agility Federal secured valuable collaborative contacts which have materialized into Teaming Agreements for future Federal contracts.
