Expertly Tailored:

The importance of a modern athletic fit in our golf joggers line has always been critical. The Players Jogger are no exception - they're cut as a slim-fit golf pant that provides a sophisticated, clean look for the athletic golfer. Available with 4 inseam options to ensure for the perfect length.

Performance Polyester Fabric:

We sought the perfect golf pant fabric but unfortunately couldn't source a material that met our

demands. We decided to design our own unique polyester blend and are confident it's going to be a customer favorite. The Avalon Performance Polyester used in our Players Jogger Pants is a soft yet durable & stretchy fabric that wicks moisture. This lightweight material helps regulate body temperature and can be worn on both hot and cool days, features easy care technology and includes a UPF 40+ rating to help block harmful UV rays.

Durable Construction:

The Performance Polyester used in The Players Golf Joggers was constructed as a durable fabric that is built to last. We've parlayed this with advanced sewing techniques and double stitched all stress points on the pants to ensure for longevity.

Functional Beyond the Golf Course:

The Avalon Players Golf Jogger Pants are not limited to the golf course. They seamlessly transition to other casual settings beyond the 19th hole, making them a versatile addition to any wardrobe. They also feature 4 pockets, including a back zippered pocket.

Look Good, Feel Good, Play Good:

We have meticulously designed these pants to be as stylish as they are functional. The modern silhouette, sleek color options & tailored fit ensure you'll be the best looking one on the course.

The Avalon Players Golf Jogger Pants are available for purchase immediately in our [Golf Joggers Shop](#). Choose from 3 colors, 5 waist sizes and 4 inseam lengths.
