

Mogee Sendai Japan Hidden Auto Gem

2018 Vehicles Priced at \$700 USD for Export to the Caribbean

SENDAI MIAGI, JAPAN, October 12, 2023 /EINPresswire.com/ -- Sendai Untouched Auto Gem

Some operations may look small indeed but after partnering with Japan most exclusive operations small is an understatement. Sendai is around 5 hours drive from Tokyo Japan. The people there are so humble, respectful, and kind.

It's the type of place that impressing anyone would be a hard task to undertake. They scrap luxury cars for a living and throw away millions of dollars' worth of auto parts because they are in such large quantities.

As of 2023 the city has less than 1.1 million people and is surrounded by rice farms in every direction. With a wide range of cars just looking for buyers in the car sales and car parts industry. Cars in age ranging from 2017 and up with price tags running from \$700.00 USD to \$4000 for luxury cars.
