

# Cloud hosting leader netart.com launches its operations in Malta

*NetArt Group's netart.com brand is launching its operations in Malta providing a modern, fast, and secure cloud hosting service.*

EUROPE, October 12, 2023

/EINPresswire.com/ -- The netart.com brand is part of NetArt Group, which has been providing top-quality IT solutions since 1997. More than 1,000,000 customers have already taken advantage of NetArt Group's offerings, registering more than 5,000,000 [domains](#), launching more than 500,000 [hosting](#) services, and activating more than 1,000,000 SSL certificates. Today services offered by netart.com are available in Malta.

After two years of preparation, netart.com is finally entering the Maltese market. With netart.com's services, any website can now enjoy fast [cloud](#) hosting with CDN, which guarantees a performance previously available only to public clouds, dedicated servers, and VPS.

The advertisement graphic is divided into three horizontal sections. The top section has an orange background and features a rocket launching from a laptop screen, with the netart.com logo and the text 'SPEED UP YOUR WEBSITE!'. The middle section shows a world map with orange highlights, indicating global reach, with the NetArt Group logo below it. The bottom section is a technical diagram showing a 'CDN netart.com' connected to a 'Load Balancer', which then connects to a 'www server cluster' consisting of multiple servers labeled 'server 1', 'server 2', 'server ...', and 'server n'.

Unlike other companies offering their services in Malta, netart.com provides true cloud hosting using LXC containerization. This allows sites to run faster with scalable resources and seamless operation. The thing that sets netart.com apart from regular hosting is the fact that at netart.com, each website runs on several hundred servers simultaneously!

Services offered by netart.com include cloud hosting with CDN, business mail, domain registration, VPS servers, SSL certificate, Cloud Backup, Mail Backup, and much more. The company is now offering sensational discounts — visit their website at <https://www.netart.com/> to learn more.
