

# Jafton.com: A Beacon of Innovation in the Global Digital Transformation Journey

NEW YORK, NEW YORK, UNITED STATES, October 12, 2023

/EINPresswire.com/ -- [jafton.com](https://jafton.com), a pioneering digital transformation company, is making monumental strides in the global technology arena, bolstered by its extensive portfolio of cutting-edge digital solutions. Established in 2013, Jafton has evolved into a global powerhouse, boasting collaborations with numerous top-tier brands and delivering bespoke digital experiences that transcend conventional boundaries.

Jafton.com Logo

Jafton's remarkable journey began with a modest team of around ten developers and designers. The real turning point came in 2016 when the founder, Bobir Akilkhanov, scaled the company to a structured entity, marking the onset of a transformative era. The company's prowess in the field is further emphasized by its recognition as a Top B2B Company in the US since 2020, and its inclusion in the Forbes Member Council in 2022 and 2023.

“

We are not just developers; we are innovators, pioneers, and architects of the future. Each project is a canvas where we paint a world where technology amplifies human potential”

*Bobir Akilkhanov*

With a robust team of over 120 people spread across three countries, Jafton's global footprint is marked by a blend of creativity, technical prowess, and a relentless pursuit of excellence. This growth, fueled by a diverse and seasoned team, has propelled Jafton to work with some of the most prestigious clients in the industry and earn notable recognitions.

The company's philosophy is rooted in a people-centric approach, the cornerstone of its success. Jafton's vision transcends conventional boundaries, aiming to build and design not just projects, but success stories. The company's impressive roster of awards and recognitions, including a Google Developers Certified Agency accolade and numerous Clutch awards, mirrors its capacity

to deliver top-notch, tailor-made solutions that resonate with the market's evolving demands.

In a bid to continue its trajectory of innovation and quality service delivery, Jafton has taken the lead on developing the proprietary [PreIPO®](#) platform, illustrating its forward-thinking approach and the promising future that lies ahead. The PreIPO endeavor is a glimpse into a future where technology and innovation converge, signaling Jafton's readiness to undertake groundbreaking projects and set new industry standards.

“Our ethos is anchored in innovation, quality, and a relentless pursuit of excellence,” says Bobir Akilkanov. “We are not just developers; we are innovators, pioneers, and architects of the future. Each project is a canvas where we paint a world where technology amplifies human potential.”

As the world stands on the brink of a digital revolution, Jafton is not just ready for the future; it is creating it. Every line of code, every project, and every innovation is a step towards a world where technology is not just a tool but a bridge to a world of limitless possibilities. Jafton's team will also be attending the [Gitex Conference](#) in Dubai next week as they look to expand their global reach.

About Jafton.com

Jafton.com is an epitome of innovation and excellence in the world of digital transformation. Established in 2013, the company has become a global leader, setting benchmarks in quality, innovation, and client satisfaction.
