LOS ANGELES, CALIFORNIA, UNITED STATES, October 12, 2023

/EINPresswire.com/ -- There are many interesting stories around the world, and one that stands out is about a family considering the big decision of adopting a child—people who are willing to let someone into their hearts and lives, regardless of biological ties. These stories may shine brighter and resonate deeper than others. Doris Howe's book, "Adoption Joys: They Expected A Miracle," is one such story.

Adoption Joys: They Expected A Miracle

Howe's book gives readers an insight by going into great detail about becoming a parent through adoption, sharing stories about joy, and facing the challenges and life lessons that come with this responsibility. It welcomes people who consider adoption and reflects that humans desire connection and the infinite capacity for love.

Over the course of her twenty-four years as an adoption caseworker, Doris Howe has made a difference in the lives of many families and helped place more than 150 infants. As a YWAM missionary, she has a view on adoption and how it relates to the faith of many, making her a great source of insight when it comes to adoption.

Gain a deeper understanding of the complexities of adoption, and support and encourage the community by raising awareness. Grab a copy of "Adoption Joys: They Expected a Miracle" on [Barnes and Noble](https://www.barnesandnoble.com/), available in Kindle, Hardcover, or Paperback formats.
