EAST SUSSEX, ENGLAND, October 13, 2023 /EINPresswire.com/ -- Maverick is virtual reality band, launched in June 2023.

I Love Coffee Culture is the band's first song release, with many more to follow over the coming months.

It was set by John Cristal - the song writer and occasionally a vocalist ...and as soon as he can play the guitar well, he's hoping to be one of the musicians too! : )

Some of the guest musicians include Paul Feesey, Luiz Morais, Ines Lobet & Graham Noon, who not only plays keyboards but he is also a fantastic producer and sound engineer.

Maverick's music is probably best described as 'easy listening' pop but perhaps with a little hint of folk music and occasionally some Latino mixed in.

I Love Coffee Culture

Maverick

"Coffee culture is such a great way of bringing people together. When you walk into a coffee

shop and look around you can see all the different social interactions going on." Comments  
Maverick's singer-songwriter, John Cristal.
