MINNEAPOLIS, MN, USA, October 16, 2023 /EINPresswire.com/ -- Leading the way for global best practices in e-discovery, the Electronic Discovery Reference Model (EDRM) is pleased to announce that [Level Legal](#) – the forensics, eDiscovery, managed review, and consulting company that delighted in-house and outside counsel for over a decade – has joined the [EDRM Trusted Partner Network](#).

“We’re excited to work with EDRM, the No. 1 name in eDiscovery,” said Level Legal CEO Joey Seeber. “Because both organizations share a commitment to outstanding education and customer service, this partnership is a natural fit.”

Among the EDRM opportunities and resources available to partners like Level Legal are the ability to connect, network and contribute via EDRM projects and events, share their service and product offerings and enhance brand awareness to a global community. The EDRM community of knowledgeable, multidisciplinary professionals is building resources to enhance e-discovery, privacy, security and information governance frameworks, processes and standards.

“Level Legal is known for delighting their clients and exceeding expectations,” explained Mary Mack, CEO and chief legal technologist for EDRM. “EDRM is proud to partner with the organization our executive advisor, [David Greetham](#), chose as his new home.”

Level Legal’s Seeber agreed: “Teaming up with like-minded organizations like EDRM and people like David – our new vice president of digital forensics – is critical to our success as a company and a way to move the industry in a positive direction. That’s especially true as data becomes increasingly complex and organizations must meet higher demands for security and data privacy.”
