Dr. Michael J. Collins and Dr. Jason C. Friedrichs will merge its Naples office with Fisher Eye's office.

The new location will offer Collins Vision's patients a more spacious and comfortable office setting along with an on-site optical shop with a large selection of prescription and non-prescription eyewear and more convenient parking.

Dr. Jason C. Friedrichs MD, MS, a board-certified ophthalmologist with more than 15 years of experience, moved to Naples in 2020 to join Dr. Collins. He will lead the expanded team in Naples. Dr. Friedrichs' areas of expertise includes refractive cataract surgery, medical retina

impressive skill and expertise. He also has considerable experience in comprehensive eye care.

“Through this process, Dr. Fisher and I learned a lot about our shared values,” commented Dr. Friedrichs. “I will continue to deliver compassionate and customized eye care to every patient who trusted Dr. Fisher with their vision. It is an honor to carry on his legacy and further establish Collins Vision as the preferred partner in the community.”

Dr. Friedrichs recently became a partner at Collins Vision. Prior to joining Dr. Collins, he spent 12 years operating a solo practice in the Midwest. Dr. Friedrichs serves on the Florida Lions Eye Clinic Board of Directors and volunteers his time to perform surgeries for underserved residents.

“This is an exciting time for our entire team,” stated Dr. Collins. “We are growing to bring a new level of service to more Southwest Floridians. We have a very accomplished team in Naples that will continue to deliver great results and serve the community.”
