PITTSFIELD, NEW HAMPSHIRE, UNITED STATES, October 16, 2023

/EINPresswire.com/ -- [Spooky Kisses Haunts](#), an innovative dive into the thrilling world of Halloween haunted attractions, is excited to announce the launch of its first season, now available on [Amazon Prime Video](#). The gripping 8-episode series showcases iconic attractions such as Pennhurst Asylum (Spring City, PA), Field of Screams (Mountville, PA), Markoff's Haunted Forest (Dickerson, MD), and many more.

"We began our journey with a mere iPhone two years ago, and now we have a full-blown, highly produced season on Amazon," remarked Rich Perry, the director behind Spooky Kisses Haunts. "The overwhelming response to our debut season is astonishing. Our [Facebook page](#) exploded to over 50,000 followers in just two months, and we're adding about a thousand followers daily."

According to Perry, SKH is not just another haunted house show; it delves deep into the psychological facets of horror and entertainment central to the Halloween scare industry. The program provides an unparalleled exploration of the art and craft behind inducing fear – from set designs, props, costumes, to the intense techniques of haunt actors. It also offers a behind-the-curtain look at some of the grandest haunts, their passionate owners, dedicated crew, and

the entire industry's insiders.

At its very core, the series is a unique blend of documentary and actuality, anchored by an on-camera host who doubles as a comedian. "My wife, Spooky Kisses, brings her natural comedic flair to the show. Her genuine fear of almost everything ensures she's startled by the slightest of noises, making for entertaining viewing," Perry shared. "Our lean production team allows us to intimately engage with the crew, actors, and get genuinely embedded in the attractions we're filming."

Spooky Kisses also highlighted what sets Spooky Kisses Haunts apart from other shows, saying, "Networks like TRVL channel and ABC have explored haunted attractions. Still, their approach has always been very corporate and predictably produced. They've all now mostly shifted focus to the paranormal, but we believe there's a unique way to tell the story of haunted attractions and its vibrant community. Our show is personal, gritty, humorous, and, of course, scary."

The full list of episodes includes the following attractions:
