

Disrupt-X and Enviro Group Asia To Create IoT And Digital Technology Worth USD100million In Five Years

DUBAI, UNITED ARAB EMIRATES, October 17, 2023 /EINPresswire.com/ -- [Enviro Group](#) Asia, Malaysia's leading indoor environmental technologies and engineering services provider and [Disrupt-X](#), a pioneering IoT solutions and digital company today signed a Memorandum of Understanding (MoU) on the sidelines of the Gulf Information Technology Exhibition (GITEX 2023). The MoU was witnessed by Malaysia's Minister of Communications and Digital, Fahmi Fadzil who is heading the Malaysian delegation in the UAE on a 4-day visit.

"We are proud to be partnering with Disrupt-X, headquartered in Dubai in this strategic collaboration which will see the two parties driving innovation and technological advancements in the ASEAN region, with expansion plans to Oceania in the coming future," says Nitesh Malani, CEO of Enviro Group Asia. "This partnership is expected to generate investment and revenue over the period from 2024 to 2028 of USD50mil to USD100mil," he added.

The partnership encompasses a broad spectrum of initiatives, including Research and Development (R&D), device manufacturing, collaboration with local Malaysian manufacturers, technology transfer, and a comprehensive training program aimed at upskilling local talent with the strong support from MDEC and MITI Malaysia.

"Both Disrupt-X and Enviro Group share a profound commitment to creating a more sustainable and connected world. We aim to drive forward the vision of both the companies in fostering technological innovation and improving environmental sustainability across the region," says Asim Sajwani, CEO of Disrupt-X.

Disrupt-X and ENVIRO Group Asia signs MOU and was witnessed by Malaysia's Minister of Communications and Digital

The partnership between Disrupt-X and Enviro Group will focus on several key components:

1. **Business Expansion:** Disrupt-X and Enviro Group are dedicated to expanding their business operations within the ASEAN and Oceania regions. This expansion will involve not only introducing innovative technologies but also fostering mutually beneficial partnerships and collaborations to drive economic growth and environmental sustainability.
2. **Research and Development (R&D):** The collaboration will lead to the creation of cutting-edge IoT solutions and digital technologies tailored to the unique needs of the ASEAN and Oceania markets. This will result in sustainable products and services that address environmental challenges and enhance operational efficiency.
3. **Device Manufacturing:** Local manufacturing partnerships in Malaysia will enable the production of IoT devices, ensuring a reliable supply chain and fostering local economic growth.
4. **Technology Transfer:** The transfer of advanced technologies will empower local communities, fostering a culture of innovation and entrepreneurship. This will help ASEAN and Oceania stay at the forefront of digital transformation.
5. **Training and Talent Upskilling:** The partnership is deeply committed to nurturing local talent. Training programs will be initiated to equip individuals with the skills needed to excel in the technology and IoT sector, ensuring long-term growth and development.

Disrupt-X and Enviro Group have selected Malaysia as the central hub for their operations and expansion in the ASEAN region and Oceania. This strategic decision reinforces their commitment to the local community and positions Malaysia as a technology and innovation epicenter within the region.
